I wanna taste it  
feel it in my bones  
gonna reach for the sky  
I got wings I can fly on my own  
I'll go the distance  
you'll never see me crawl  
cause I'm over the hill  
and I'm in for the thrill of it all

And you know  
easy come and easy go  
I can feel the fire glow  
in my body and soul

Live until it hurts  
wanna feel it  
fight for all it's worth  
take on the world because it's mine  
all mine  
I ain't gonna sit and waste my time  
live until it hurts  
spread my wings and  
fly like a bird  
it's better to burn out than to fade  
away  
stand up till my dying day

I'm gonna live it up  
take it as it comes  
have a piece  
of the pie  
feel like a wild  
on the run

I'm gonna walk on  
never gonna rest  
I'll go for the lot  
and you know  
I'll stand up to the test

Wanna win gonna put the  
wheels in spin

and enjoy the state I'm in  
feel the magic  
raise some hell

[Chorus]

I'm running with the devil  
I'll be kicking up some dust  
push it to the limit  
cause my motive is my lust  
I'm lit up like a rocket  
ready for take off tonight

Nothing's gonna stand  
in my way  
I'll come on strong and live  
for today  
cause nobody knows what  
tomorrow will show  
got a hold on life and I can't  
let go

[Chorus]
