State of the nation discipline  
You keep the crisis bad at bay  
We'll bring you growth and prosperity  
Restore financial stability

And then they'll touch you to your knees

Can't you see, they are twisting our reality  
Never practice what they preach  
I'm tellin' you, we're witnessing the mother of all lies  
Powerwhores and presidents  
Breaking down our confidence  
Fooled again, we're witnessing the mother of all lies

We'll shape the perfect world design  
Reduce the unemployment lines  
Secure the rights for minorities  
Your health will be our priority  
Then leave you dying in the streets

Can't you see, they are twisting our reality  
Never practice what they preach  
I'm tellin' you, we're witnessing the mother of all lies  
Powerwhores and presidents  
Breaking down our confidence  
Fooled again, we're witnessing the mother of all lies

Stand up to the truth  
Gon' stop this illusion  
We're fed up, we're full, don't need your bull (No more!)

We're fed up, we're full  
We won't take anymore

Can't you see, they are twisting our reality  
Never practice what they preach  
I'm tellin' you, we're witnessing the mother of all lies  
Powerwhores and presidents  
Breaking down our confidence  
Fooled again, we're witnessing the mother of all lies
