The look in her eyes  
Makes me cold, and brings me in despair  
I'm paralysed, and my soul is lost in the air

She leaves me the fright  
And things that I never have seen  
So queen of the night  
Won't you please take me out of my dream

She's living the night  
But at dawn she flies away  
She's living inside  
Disappears when night turns to day

She leaves me the fright  
And things that I never have seen  
So queen of the night  
Won't you please take me out of my dream

Queen of the evil dreams  
I'm under your spell

Queen of the evil dreams  
Don't leave me in hell

Get out of my dreams  
To a place where you never can hurt  
But I'm gonna scream  
'Cause I know, she'll always return

She leaves me the fright  
And things that I never have seen  
So queen of the night  
Won't you please take me out of my dream

Chorus

She's taking my love  
And bringing me hate  
Trying to kill, and destroying my fate, yeah  
She's bringing me pain and evil shame  
I'm lost in my dreams, I'm caught in the game, yeah

## Chorus
