Under the surface there are snakes in paradise  
They're breeding  
We don't know who or where but evil multiplies  
We can't see them, oh no

In time

Sickened fascist frame of mind  
Ticking bomb on borrowed time  
Psychopathic undivine  
Never see the danger signs

Rage hard shoot 'em dead  
Right wing radical dead in the head  
All planned the stage is set  
Xenophobic manifest

To fool a nation  
There are friendly enemies  
To fool a nation  
And they can't be seen

Armed and ready sleeping cells  
Trained to unleash living hell  
Waiting for their call to kill  
Death to all the infidels

Terrorize without resent  
Sitting ducks no defense  
Chaos stricken government  
Blood of the innocent

To fool a nation  
There are friendly enemies  
To fool a nation  
And they can't be seen

The rage goes stronger day by day  
The legacy of hate lives on  
The devil has so many faces  
We gotta face him and be strong

To fool a nation  
There are friendly enemies  
To fool a nation  
And they can't be seen

To fool a nation  
There are friendly enemies  
To fool a nation
