So here we stand  
Like despondent refugees  
Our love is stranded  
Like a ship to shore  
What's nothing to you  
Still means everything to me  
And your final words  
Cut me to the core

If it's over  
Then it's over

If all the time we had was wasted  
If all the love we had is lost  
If all the purity  
We had for you and me  
Is wasted  
Is wasted

Thought I found heaven  
In the sparkle from your eyes  
Felt like king for a day  
But I was a fool for the night  
And since you left me  
With all the wreckage from the past  
The bitterness somehow  
Always seems to last

And if it's over  
Then it's over

If all the time we had was wasted  
If all the love we had is lost  
If all the purity  
We had for you and me  
Is wasted  
Is wasted

I've got to face it babe  
The magic has gone  
I have to clean the slate

It's over and done, I know

If all the time we had was wasted

If all the love we had is lost

If all the purity

We had for you and me

Is wasted

Is wasted
