I pray the Lord my soul for him to keep  
For all the world to see  
To save me from the Devil and his creep  
To lay his hands on me

I feel the ground beneath me shake  
I can't rewind  
I'm gonna fall

Father forgive me  
For we don't know what we do  
Love resurrect me  
To the world that i once knew

Depraved diseased  
A far out scenery  
We know it all too well  
The path we choose  
To find the gates of Heaven  
Is just the road to Hell

Raping the land  
And apocalyptic plans  
It's the nature of man

See what we created  
Stare into the face of time  
Living in a world devastated  
When the angels cry

Cry for salvation

When the final day has come  
We're the last generation  
In the shades of Babylon

Denial betrayal  
No meaning to our failure  
No answer to our pleas  
A burned out culture  
Chaos and revolt  
It's mankind on its knees

Our future is vanishing  
Like blood in the rain  
Like a paper in Flames

See what we created  
Stare into the face of time  
Living in a world devastated  
When the angels cry  
Think of all the beauty we wasted  
Is this the end of it all

And I saw another sign in Heaven  
Great and marvelous  
Seven angels having seven plagues  
Which are the last  
For in them is finished the wrath of God

Chorus
