### "Who What Where When Why"

Visit "[Who What Where When Why](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Who are you talking to?  
Yeah yeah yeah yeah

You paint me a portrait  
Trying to sell me a dream  
Your words are all fraud  
Yet you're taking advantage of me  
You feed my desires  
Throw me a light in the dark  
Legitimate liars  
Prey on a fool with a heart  
You are!

Who are you talking to?  
What are you gonna do?  
Where do you lead us from here?  
When do you drop the bomb?  
Why do you speak in tongues?  
When does the magic appear?

Won't you tell me?

All the corruption  
And freedom for nothing they say  
War and destruction  
Blood and injustice  
Just leave us in dismay  
The fall of a system  
Fuel to my vision  
They're fake  
Causing our downfall  
How long must we tolerate  
Them all

Who are you talking to?  
What are you gonna do?  
Where do you lead us from here?  
When do you drop the bomb?  
Why do you speak in tongues?  
When does the magic appear?

We're all deceived  
The broken creed  
The need for greed  
That feed the swines  
It's so pathetic  
For your vote they're begging  
The hypocrites  
They leading blind

Who are you talking to?

Who are you talking to?  
What are you gonna do?  
Where do you lead us from here?  
When do you drop the bomb?  
Why do you speak in tongues?  
When does the magic appear?  
[x2]

We wanna know  
Yeah yeah yeah yeah
