The architects of war has spoken once again  
We must defend democracy  
It's time for payback to the once they call their friends  
To please the weapon industries

And, and there you stand  
Ready to die for freedom  
Man, a simple man  
Dyin' for shady reasons...

You follow orders, off you go to foreign shores  
They call you to protect and serve  
Licence to murder on the right side of the law  
The country's set on red alert

Kill, kill or get killed  
Nobody to hold on to  
Hell, everyday hell  
Torture and hate surround you

Why, die for a lie, die in a war  
Dyin' for something not worth dyin' for  
Why, die for a lie...

The war is won but still you fight on foreign fields  
While everything around you dies

Cry, inside you cry  
Mentally hurt and shattered  
Dead, emotionally dead  
Survival is all that matters

Why, die for a lie, die in a war  
Dyin' for something not worth dyin' for  
Why, die for a lie...

And when you're comin' home  
You still hear the screamin'  
You're sufferin' alone  
You still feel the pain...

Why, die for a lie, die in a war  
Dyin' for something not worth dyin' for  
Why, die for a lie...

Why, die for a lie, die in a war  
(War war war war war)  
Why die for a lie...
