Another broken romance  
Another lowering dance  
Despise this circumstance  
This virtue reverence...

Don't fear this decadence  
This rotting renaissance  
And now kiss me, my grace  
I feel thy cold embrace...

Under a veil you hide  
Darkest magic and insight  
Violet burning star for thee  
A final gift from me...

They fear thy spiteful gaze  
Through the moonlit dark haze  
They hate thy mournful face  
Beyond the veil of black lace...

They fear thy deepest gaze  
They hate thy mournful face...

I see your endless pride  
In darkened candle light  
My hunger grows fast  
The flame inside my chest...

You breathe so close to me  
My curse and destiny  
I plunge inside of thee  
The sea of crystal tears...

Under a veil you hide  
Lunar spell and black light  
I smell your winter icy scent  
Sweet water turns into sand...

The touch of night awakes  
My final dying grace  
My evanescent dream

Grey ashen light so dim...

Under a veil you hide  
Lunar spell and black light  
I smell your winter icy scent  
Sweet water turns into sand...

You're my desire... you're my curse and my flame...
