You better stay away  
'Cause it's raining and it's cold  
I don't care what you're told  
Does this rattle your mind?

Flush it down the sink  
'Cause you're on edge, walk the line  
Your super weapon is mine  
So the bricks, so the bricks are crumbling, jump

You're a cold brother  
You're a harsh mother  
You're an angry daddy  
And I'm your sleeze daughter

I need a partner in crime  
Terrible time, betraying my mind  
We got to take on the night

Just 'cause they is don't mean that I should be like this  
Just 'cause they is don't mean that you should be like  
this  
I'll lead a revolution, you don't have, have to thank me  
Just 'cause they is don't mean that we should be like  
this

We'll take a double train, I'll wash it all away  
With a sewer that's running down my neck  
Take a risk, be a bitch  
Go and show someone your fist

Take a stand, not a hand that smells like sex  
Take a building, take it over  
Smash the window, you're not sober  
Crash the bottle, I'm so sick speaking to you, captain

Find a lamp, flip it on  
We'll burn ? while he's gone

Feel the power, hear it come, making noise

You're a cold brother

You're a harsh mother  
You're an angry daddy  
And I'm your sleeze daughter

I need a partner in crime  
Terrible time, betraying my mind  
We got to take on the night

Just 'cause they is don't mean that I should be like this  
Just 'cause they is don't mean that you should be like  
this  
I'll lead a revolution, you don't have, have to thank me  
Just 'cause they is don't mean that we should be like  
this

I'm a sleeze sister, I'm a sleeze sister, I'm a sleeze  
sister  
I'm a sleeze sister, I'm a sleeze sister, I'm a sleeze  
sister

Fuck conformity, fuck conformity, fuck conformity, fuck  
conformity  
Fuck conformity, fuck conformity, fuck conformity, fuck  
conformity

I'm your sleeze sister, I'm a sleeze sister, I'm your  
sleeze sister  
Be your sleeze sister, be your sleeze sister, be your  
sleeze sister

Just 'cause they is don't mean that we must be like this  
We are a revolution, you don't have, have to thank me  
Just 'cause they is don't mean that we should be like  
this
