Never thought IÂ'd be the one to love you
Never thought youÂ'd be the one to bring me down
Where am I now?

Never thought IÂ'd be the one to touch you
Never thought youÂ'd be the one to feel the same
Now look whoÂ's changed

Crimson and clover, sugar and salt
Bittersweet and itÂ's all your fault
Crimson and clover, sugar and salt
Bittersweet and itÂ's all your fault
Crimson and clover, sugar and salt
Bittersweet and itÂ's all your fault
Crimson and clover, sugar and salt
Mentally fucked and itÂ's all your fault

Never thought youÂ'd tell me I was special
Never thought to say that I was being a fool
Never thought that you would have me hopinÂ'

Never thought that you would string me out so long
What went wrong?

Crimson and clover, sugar and salt
Bittersweet and itÂ's all your fault
Crimson and clover, sugar and salt
Bittersweet and itÂ's all your fault
Crimson and clover, sugar and salt
Bittersweet and itÂ's all your fault
Crimson and clover, sugar and salt
Mentally fucked and itÂ's all your fault

So crimson and clover, sugar and salt
Bittersweet and itÂ's all your fault
So crimson and clover, sugar and salt
Mentally fucked and itÂ's all your fault

So crimson and clover, sugar and salt
IÂ'm mentally fucked and itÂ's all your fault
