That's all right baby, treat me mean if you can (2x)
I'll quit you daddy and get myself another man

Tell me papa Tree Top, what you tryin' to do to me? (2x)
You buggin' my nerves, I can't stand this misery

You give me plenty money, don't give me no lovin' at
all (2x)
The green is keen but there's no mule in my stall

I cleaned your house and I clean your stable too (2x)
I'll clean my mind of any good thoughts of you

The Lord made Adam, that's the story I've been told
(2x)
He'll find a good man to satisfy my soul

I'm gonna buy you a ticket to a town in Timbuktu (2x)
It might cost me money but I can't stand the way you do
