When blue city clouds are fading,  
the sticky heat will melt your skin  
and all your tempting lies.  
Everybody thinks I'm crazy,  
but I'm only on the run  
for one more soul to die.

Oh, oh, oh  
Oh, oh, oh

With every single breath I take,  
will I unfold a big mistake,  
I'm chained to your games.  
And everything around me moves,  
there's nobody here to undo the pain,  
but you won't get away with murder.

Everybody thinks I'm stronger,  
but I'm lonely and confused.  
That's something you'll never believe.  
So I don't move and get it wrong,  
then I quickly hesitate,  
now that you're one more bottle away.

With every single breath I take,  
will I unfold a big mistake,  
I'm chained to your games.  
And everything around me moves,  
there's nobody here to undo the pain,  
but you won't get away with murder.

Well, if that gun will come undone,  
I'll be strong to hit and run.  
With every breath that I take,  
will I unfold a big mistake.  
I know that I will make it right,  
before it all,  
all weighs down,  
tempting lies, no compromise,  
well, I will still be chained for life.

Oh, oh, oh  
Oh, oh, oh

With every single breath I take,  
will I unfold a big mistake,  
I'm chained to your games.  
And everything around me moves,  
there's nobody here to undo the pain,  
but you won't get away with murder.

With every single breath I take,  
will I unfold a big mistake,  
I'm chained to your games.  
And everything around me moves,  
there's nobody here to undo the pain,  
but you won't get away with murder, no, today.
