"Ten Pins"

Visit "[Ten Pins](#)" on MotoLyrics.com

All alone, you sit by the hour
You're waiting for the sun to rise
In the night you sit by the fire
You're waiting for the will to fight

Chorus:
But I won't see you there
Ten pins down
No I won't see you there
Ten pins down

And you know that lines get me down
I'm waiting for the sun to rise
In the night we'll sit for awhile
We're waiting for the will to fight

(repeat chorus)

Never needing to decide
There's always another lie-down
You don't seem to know
It's happening over and over

(repeat chorus)
