Ive been stopping at green lights.  
Got lost on my way home, Im sleep walking at night.  
I put my shirt on inside out, umbrella in the sun  
My head up in the clouds, my friends just laugh at me.  
There's only one thing it could be.

Ive come down with love,  
Got bit by the bug  
Im sick and I feel confused  
I know its true,  
Ive come down with love  
I cant get enough  
I wont break this fever  
I need her I'm bit by the bug  
Ive come down with love (x2)

You've got me trippin on my feet  
My mind starts racing and my heart forgets to beat  
When you start to walk my way  
I forget where I am,  
cant find words to say  
my friends just laugh at me  
there's no cure for this disease.

Ive come down with love,  
Got bit by the bug  
Im sick and I feel confused  
I know its true,  
Ive come down with love  
I cant get enough  
I wont break this fever  
I need her I'm bit by the bug  
Ive come down with love x2

Don't need a shot,  
Don't need a doctor  
They cant make me okay  
Its up to you  
Give me an answer  
Im trying just to see you  
Only wanna feel you  
Dying just to hear you say

Ive come down with love  
Got bit by the bug  
Im sick and I feel confused  
I know its true,

Ive come down with love  
Got bit by the bug  
Im sick and I feel confused  
I know its true  
Ive come down with love  
I cant get enough  
Im sick and I feel confused  
I know its true  
Ive come down with love  
Got bit by the bug  
I wont break this fever  
U need her I'm bit by the bug  
Ive come down with love x4  
We've come down with love
