I can feel your heart beat as we en-twine,
With a beat of a million drum, marching in line,
Everything is spinnin',
Just in perfect time,
Yeah! The music is finally comin' alive.
The way your hair, just dances through the breeze,
And the place you're going is where I wanna be,
And I know without you I'd be incomplete,
I want it, I need it, I'm begging you please.
You do it,
You do it,
You do it to me.
There's something bout the way you sleep,
When you're laying next to me,
I don't know how you do your thing (no) but,
You do it,
You do it ,
You do it to me, yeah. (x3)
You can feel me tossin' and turnin',
Tell me I'll be alright,
And a flame from a million sparks has to ignite,
And the world of a boy and girl starts to collide,
Yeah, the fire is finally burning tonight,
I like it when your screaming, (woah) (woahhh)
Backseat you're pinning me down,
Oh Oh oh oh.
I can feel your eyes,
They're undressing me,
I want it, I need it, I'm begging you please.
You do it,
You do it,
You do it to me .
There's something bout the way you sleep,
When you're laying next to me,
I don't know how you do your thing (no) but,
You do it,
You do it,
You do it to me, yeah.(x3)
The way you walk,
The way you talk,
The way you groove,
You're not afraid to move,

The way you shake,
Shake it down,
Mix it up,
You know there's something bout,
Way you live,
Way you laugh,
Way you love,
You're not afraid to woo!
The way you kiss,
Lick your lips, (mmm)
Twist your hair.
You know there's something bout the way you sleep,
When you're laying next to me,
I don't know how you do your thing.
There's something bout the way you sleep,
When your laying next to me,
I don't know how you do your thing (no) but,
You do it,
You do it,
You do it to me, yeah. (x3)
The way you walk,
The way you talk,
The way you groove,
Your not afraid to move,
The way you shake,
Shake it down,
Mix it up,
You know there's something bout the,
Way you live,
Way you laugh,
Way you love,
You're not afraid to woo!
The way you kiss,
Lick your lips, (mmm)
Twist your hair.
You do it to me.
