i had a good day today  
i've been up  
i've been down  
i've been swallowed up,  
spat out, and kicked around  
there's been days where the phone never rang at all  
well you win some and you loose some  
this world waits for no one  
i'm so glad i didn't turn back  
get my whole life back on track  
today was a good day  
nothing was there to stand in my way  
clear blue skies as far as i can see  
it was you  
it was me  
it was everything i wanted it to be  
i had a good day today  
i've been down on my luck  
everyone around me made me want to give up  
there was times where i felt i couldn't do nothing right  
well you win some and you loose some  
this world waits for no one  
i'm so glad i didn't turn back  
get my whole life back on track  
today was a good day  
nothing was there to stand in my way  
clear blue skies as far as i can see  
it was you  
it was me  
it was everything i wanted it to be  
i had a good day today  
nice to forget about all the troubles past  
i'm glad they didn't last  
i can finally breath again yeah  
and say today was a good day  
today was a good day  
nothing was there to stand in my way  
clear blue skies as far as i can see  
it was you  
it was me  
it was everything i wanted it to be  
today was a good day

nothing was there to stand in my way  
clear blue skies as far as i can see  
it was you  
it was me  
it was everything i wanted it to be  
i had a good day today
