Please, please, tell me now
Please, please, tell me now
Please, please, tell me now
Please, please, tell me now
I made a break, I run out yesterday
Tried to find my mountain hideaway
Maybe next year, maybe no go
I know you're watching me every minute of the day,
yeah
I've seen the signs and the looks and the pictures
They give your game away, yeah
There's a dream that strings the road with broken glass
for us to hold
And I cut so far before I had to say
Please, please, tell me now
Is there something I should know?
Is there something I should say
That would make you come my way?
Do you feel the same 'cause you don't let it show
People stare and cross the road from me
And jungle drums they all clear the way for me
Can you read my mind
Can you see in the snow?
And fiery demons all dance when you walk through that
door
Don't say you're easy on me
You're about as easy as a nuclear war
There's a dream that strings the road with broken glass
for us to hold
And I cut so far before I had to say
Please, please, tell me now
Is there something I should know?
Please, please, tell me now
Is there something I should know?
Is there something I should say
Try to make you turn my way?
Please, please, tell me now,
Can you see what makes me blow?
Can you see how much I die every time it passes by?
Please, please, tell me now
What it takes to make you show?

Is there something I should know
Is there something I should say?
