im gonna be a noble king
unscrupulously fair
i only need a little time
perhaps a little hair

my reign will be a super
awesome thing
oh, i just can't wait
to be king

way behind the
water-hole
a little down
the line

the jungle and he plains
and peaks
are scheduled to
be mine

im gonna be the ruler
of most everything around
from the grandest of the mountains
to the humble common ground

my reign will be a super awesome thing
oh, i just can;t wait to be king

no one saying do this
no one saying be there
no one saying stop that
no one saying see here

free to run around
all day
ill be free to do it
my way

im gonna be the mane event
like no king was before

im brushing up on looking down

im working on my roar

it's easy to be royal if
your already leonine
it isn't just my right
even my left will be divine

the monarchy is waiting
to go zing
oh, i just can't wait
to be king

no one saying do this
no one saying be there
no one saying stop that
no one saying see here

free to run around all day
ill be free to do it my way
the time has come as someone
said to talk of many things

may be true but i would rather
stick to talking kings
the fauna and the flora
gonna swing

oh, i just can't wait
no, i just can't wait
said i just can't wait...
to be king

no one saying do this(to be king)
no one saying be there(to be king)
no one saying see here(to be king)
no one saying stop that
