Get up
Isn't she sweet
She's like an old flare sparking
And I'm down in the sheets
it's time
To bring it around
It's the first time over
So we got to get down

Get up

I don't believe it's going somewhere
head over heels like submarine warfare
Maybe this time you'll rethink your reasons
And there's no control over this feeling

They say we're crazy
That doesn't matter
You were the best thing
Thank God I have her

What we got
Is nothing less
Than what we deserve
After all this time
We'll step into
And then we
Can get down

What's left to say
From this point on I
Can feel my way through
It's so new
But I'm ready for you
Ready to do
Anything I need to

Get up

I don't believe it's going somewhere
head over heels like submarine warfare
Maybe this time you'll rethink your reasons

And there's no control over this feeling

They say we're crazy
That doesn't matter
You were the best thing
Thank God I have her

What we got
Is nothing less
Than what we deserve
After all this time
We'll step in too
And then we
Can get down

What if I say
I do this any way
And after today
I'm gone

What we got
Is nothing less
Than what we deserve
After all this time
We'll step in too
And then we
Can get down
Can get down
Can get down
