We are teenage hearts
Forever young
We think we know it all but we don't
No we don't
And I heard you moved on, moved away
Somewhere down the coast is what they say
I think that's great

I, I am in love
So much in love
I am in love with you
You are afraid
You pushed me away
You are afraid you loved me too

We would write our names on everything
But we're not on the same page much these days,
anyway
I wish it was yesterday so I could lock the gate
We'd say the things we never thought we'd say
And never let you get away
I, I am in love
So much in love
I am in love with you
You are afraid
You pushed me away
You are afraid you loved me

We said things we didn't mean
Promises we couldn't keep
I know I meant it then
It's funny how things change
But you don't have to be afraid

I, I am in love
So much in love
I am in love with you
You are afraid
You pushed me away
You are afraid you loved me too

I am in love

So damn in love
I am in love with you
You are afraid
You pushed me away
You are afraid you loved me

We were teenage hearts
Forever young
