This beat's got me down, I'm on my knees  
It's got a little touch of therapy  
There's something in the water making me crazy  
If this is do or die, it still doesn't phase me

Count me out  
Count me in  
I'm ready to begin  
(x4)

I've got a fever in my head, it's chillin' my toes  
With every single sound my mind explodes  
When no-one's watching i'm a-bump-bump-bumpin'  
With each new noise I'm a-thump-thump-thumpin'

Count me out  
Count me in  
I'm ready to begin  
(x4)

If I asked you to stay  
Would you come back  
And dance with me  
(x4)

This dance, this beat is bittersweet  
Come take the floor and dance with me  
(x2)

Count me out  
Count me in  
I'm ready to begin  
(x4)
