There's a chill in the air
ya hear a creak on the stair
a knock on your door
is there anybody out
they're out to get u
to catch u and make u
swear your vows
howling and prowling
your shivering quivering
swear your vows

you cannot run
and you cannot hide
ya you gotta face it baby
things bump in the night
wherever you run and wherever you hide ya you gotta
face it baby
things go bump bump bump in the night

tell me whos spooking you
is there a scooby doo
ya hear a shriek in my house
ya know it's freaking me out
they're out to get you
to catch you and make you
swear your vows
howling and prowling
your shivering quivering
swear your vows

you cannot run
and you cannot hide
ya you gotta face it baby
things go bump in the night
wherever you run and wherever you hide
ya you gotta face it baby
things go bump bump bump in the night

they go bump
they go bump
they go bump

they go
they go bump
they go
they go bump
they go

you cannot run
and you cannot hide
ya you gotta face it baby
things go bump bump bump in the night

you cannot run
and you cannot hide
ya you gotta face it baby
things go bump in the night
you know
wherever you run and wherever you hide
ya you gotta face it baby
things go bump bump bump in the night

you cannot run
and you cannot hide
ya you gotta face it baby
things go bump in the night
you know
wherever you run and wherever you hide
ya you gotta face it baby
things go bump bump bump in the night
