Hey you,
Don't take this
scene out of scenery
your image has stuck
you like glue
I see, your heart
won't move with your tendencies
it's attention you can't pull through
Take my hand, well, can you take my hand
Can you take my?

Chorus
Leave it to me
to live recklessly oh whoa oh
I know this shouldn't be legal
Leave it to me
to live recklessly oh whoa oh
I know this shouldn't be legal

Well, is this you?
Won't you keep biting your nails?
You're missing your big debut
Cause I guarantee
You're gutsy
but you're out of key
Now you're making me
feel this too
Take one note
and make it ring
take one second
and let it sting
take my hand, can you take my hand
Can you take my?

Chorus

(Shouldn't be legal)
We return and twist in time
there's a ticking parking meter
I'm like history
how I repeat the past
you take a note

I'll send it to you
One more night, I swear
this will be sweeter
just a step ahead
take the light
but don't take it too fast
and I know this night will last

Chorus

Leave it to me
to live recklessly oh whoa oh
I know this shouldn't be legal
