I woke up  
Felt kind of awkward in these shoes  
Seemed all the people on these streets  
Blocked every way I reached  
When I tried to walk to you

I know it's true  
I'm kind of underneath the radar  
I'm somewhat in disguise  
I sorta stumble as I try  
To make a move

I'm thinking...  
I'm giving up on changing  
'Cause we both like the same things  
You tell all your friends I'm crazy  
Maybe you just like me

(Chorus)

Better undercover,  
Hid under umbrellas  
Running fast for shelter  
Move like a propeller  
Feels like it's nice when we're alone  
'Cause in the light you're kinda cold  
When all our friends go home for summer  
You like me better undercover

I'm closing shop  
I never wanted tons of friends  
We can burn ridges like we're on vacation  
And it's never gonna end

And I'll open up  
I think it'll surprise you  
How light my heart can be  
When you're only with me  
It's almost time  
It's time

I'm giving up on changing

Cause we both like the same things  
You tell all your friends I'm crazy  
Maybe you just like me

(Chorus)

Better undercover  
Hid under umbrellas  
Running fast for shelter  
Move like a propeller  
Feels like it's nice when we're alone  
'Cause in the light you're kinda cold  
You know when our friends go home for summer  
You like me better undercover

Bridge:

I know I'm much more interesting  
When no one else is listening  
If we're just friend now or we're lovers  
I am better undercover

Better undercover  
Hid under umbrellas  
Running fast for shelter  
Move like a propeller  
Feels like it's nice when we're alone  
'Cause in the light you're kinda cold  
When our friends go home for summer  
You like me better undercover
