Jump, jump...

Everyday suffering and endless pain, strange feelings
Are driving you insane
Living by the never ending rules we play, is that what
We got the price we wanna pay
Kicking and kicking in the name of the law, a knife in
My back I was never really sure
I got to get rid of dirty lies, I got to be strong and
I got to realize

Once, twice, big surprise enough is enough let me see
Your bloody eyes
Get out of the car 'cause you went too far, put your
Hands on the roof and you gonna be all right. You've
Got no rights and you know what we need we got to be
Promoted and we got to find your weed. You threat me
All the time as I commit the crime but I'm just a jerk

And I hate to be a burden.

We wanna get up and not down and we don't want you
to
Follow us around!
We wanna get up and not down don't be around, be
Around, be around!
We wanna get up and not down it's a creation so listen
To the sound!
We wanna get up and not down don't be around, be
Around, be around!

Jump, jump...

Get up, get up no time to get stuck it's time to go and
Not break this up
Everyday suffering and endless pain, strange fears
are
Driving you insane
Living by the never ending rules we play, is that what
We got the price we wanna pay
Kicking and kicking in the name of the law, a knife in

My back I was never really sure
