I want to go to heaven  
so I build myself a tower  
a lonely pillar on the plain  
for no one else but me

I want to taste the clouds  
between my sharpened teeth  
find out if I'm a demon  
or a saint in disguise

I want to close the doors  
behind my bleeding back  
and dance among the shadows  
for future glory's lost

I want to be religious  
to walk among the chosen  
and wear the mark of cain  
feel safe without regrets

The version with this last verse is on Sequencer:Beta

I want a shining armour  
to burn my hate and fury  
until nothing still remains  
but pure thoughts of peaceful minds
