every instant second a suspension of forever  
a frail continuous sequence spanning over lives  
blindfolded by stars we roam in our realm  
striving to the very last dwindling at the most  
relentless marching in the waste we produce for living  
tending to forget we are not the lasting kind  
every day we die we are slowly decomposing  
the steps we take upon the earth will be worn and lost  
as the moment elapsed  
we walked in slowmotion  
denying the tide  
we'll find our devotion  
possessed by our possessions we deny the present  
in the gallery of achievements we look upon the past  
and as the moment passed away recalling the restraint  
counting and weighing the amount of our breaths  
but strong in the knowledge of your lack of purpose  
by learning the fear and gaining our composure  
content at the surface descension to come  
peace in aloneness although all will be lost  
as the moment elapsed  
we walked in slowmotion  
awaiting the tide  
we'll lose our devotion
