Intro:

Oh Oh Oh~ (Oooh it's got me hooked on you)
We both got what we got but
Nah Nah Nah~
Tonight it's gon' go down

Verse 1:

Let me start by saying this love is no fantasy
I'm just here to fulfill all your fantasies
Tonight, Whatever it takes to turn you on
(Don't worry) You're here with me
(Take advantage) Come closer, Please
(Watch me get mannish)
How could something so wrong, Feel so right
Can't worry 'bout it tonight

Chorus:

If these 4 walls could conversate mami
would they tell all about the love that we make (Oooh
it's got me hooked on you)
We both know these 4 walls cannot talk
So let's make love (Oooh yeah)

Mami you should know what's done in the dark, shall
always
Come to light, not tonight, it feels right (Oooh it's got
me hooked on you)
We both know these 4 walls can not talk
So let's make love (Oooh yeah)

Verse 2:

Let's forget about the past
Cause all that is history
Focus on now, Tonight girl it's you and me
So please, Turn off the phones and take off your
clothes
(Been thinking) Possibly you and me were meant to be
The circumstances but my relationship make it hard for

me
I can't think about her
With this sexy brown skin in my face
Say ohh~

Chorus:

If these 4 walls could conversate mami (These 4 walls)
would they tell all about the love that we make (Oooh
it's got me hooked on you)
We both know these 4 walls can not talk
So let's make love (Oooh yeah)
Mami you should know what's done in the dark, shall
always
Come to light, not tonight, it feels right (Oooh it's got
me hooked on you)
We both know these 4 walls can not talk
So let's make love (Oooh yeah)
