Verse 1

Life as hit me like a, ton of bricks and I don't
Really know which way to turn
Never knew how much I, needed you until I
Had to live and learn
But mama used to tell me, son when you get older
Tears were going to come down; he will be your
shoulder
Everything she said came true, back then I had no clue
I never knew I needed you, til all I had was you

Chorus

Come to me and find rest
(I'm coming to you Lord)
Come to me and find rest
(I ain't stepping away no)
Come to me and find rest
(I think I hear u Lord (2xs))
Come to me and find rest
(So now I'm coming Lord (2xs))

Verse 2

Kalil's getting older and he's, starting to notice that
Daddy's gone all the time
True I'm working and I'm doing well for us but
Being gone just blows my mind
But daddy used to tell me, one day you gon have kids
Just make sure you raise em', and give all you can give
Never wanted a baby mama delt the cards and now I
got one
This just ain't the way I planned it, now I pray for
understanding

Chorus

Come to me and find rest
(Cause I don't know what to do)
Come to me and find rest
(So now I'm calling on you)
Come to me and find rest

(I think I hear u Lord (2xs))
Come to me and find rest
(Is that you Lord (2xs))

Vamp

Hush little baby, listen to my words
Just believe in me and I will take away the hurt
All of your crying, all of your pain
I declare it's gone if you scream out my name
Thank you Jesus! (2xs)

Chorus

Come to me and find rest
(I done, been all around the world trying find a way)
Come to me and find rest
(I just need some rest, yeah)
Come to me and find rest
(Cause I'm tired (3xs))
Come to me and find rest
(Cause I been running 365 and now I'm just so tired)
