Moving goes by so fast in my mind.
And i know this new life.
You're not there.
Discontent doesn't mean i need this.
Future sleeps burning down over me.
I can't sleep.
Bleeding on this picture of my life.
Forget me.
The past is not changing.
There's a need to carry on.
Looking back reputation steals away.
Everything that i did.
If you could think.
There's all these words unspoke.
Everything you wished that we could be.
This can't move on.
I know it's what you wanted.
If you can't avoid another try.
This can't move on.
And now i see.
You were never really there for me.
Wasted years i never would have wasted.
Had i knew then what i know now.
