Ooh it was a long long
Cruel cruel winter,
For us to carry on.
It was a long long
Brutal summer,
For a fever one.

When every beat of your drum is wasted
Every song that you sing is too lame
Every word is a hesitation
Feel no shame
You have received more than you have taken
Oh yeah
You believed and it took you to places

I said

When every beat of your drum is wasted
Every song that you sing is a fake
Every word is a hesitation
You did it great
Oooo aaaah
You did it

When every beat of your drum is wasted
Every song that you sing is too lame
Every beat of your drum is wasted so shame
