I hide alone with you I our hiding place and I ask above
how long will this
Ride take.

Oh no! The universe agrees. Forever, forever, forever.

We're not enough to stop it baby so lets just dance
some more. Our waves'
Not enough to counter it baby so lets just dance some
more. Ohhh. Ohhh.

I got you now you're mine for eternity. With shorter
breathes we are where
We want to be.
Oh no! The universe agrees. Forever, forever, forever.

We're not enough to stop it baby so lets just dance
some more. Our waves'
Not enough to counter it baby so lets just dance some
more. Ohhh. Ohhh.

He's got you up he's in you babe. Whoa, whoa. He's got
you up he's in you
Babe. Whoa, whoa.

We're not enough to stop it baby so lets just dance
some more. We're not
Enough to stop it baby so lets just dance some more.
Our waves' not enough
To counter it baby so lets just dance some more. Our
waves' not enough to
Counter it baby so lets just dance some more. Ohhh.
Ohhh. Ohhh. Ohhh.
