"I Will Always"

And now it's all the same to me
Be whatever you want to be
Go wherever you need to go

And how it all seems like a mistake
Take whatever you need to take
Leave the rest for my own self

I have lies
Though beside you
You will always
Understand you

Now, it's all the same to me
So be whatever you want to be
Go wherever you need to go

And how there's nothing left behind
Takin' whatever you needed to
And leave it all into my mind

I have lies
Though beside you
You will always
Understand me
