I keep on runnin? baby
I keep on runnin?
But I just can?t hide
No, I just can?t hide
I keep on hurtin? baby
I keep on hurtin? so deep inside
So deep inside
Lord I need your smile
Child like the one I once knew
Made my grass green
And my blue skies blue
Lord was time when 2 was 1
Tell me now girl
Where?ve all the good times gone
Cry me a river
Wash my blues all away
Cry me a river
Girl you is my riverboat
Take me away
Is reachin? out my hand
Won?t ya please help me to my feet once again
Tears fallin? like rain
Lord it?s a time
When everybody needs a friend
Girl where?ve you been
Lord I need your smile
Child like the one I once knew
Made my grass green
And my blue skies blue
Lord was a time when 2 was 1
Where?ve all the good times gone
Cry me a river
Wash my blues all away
Cry me a river
Girl you is my riverboat
Take me away
