Tough

I'm so tough  
Oh, she's too tough  
Come off so wicked in that  
Wet leather stuff

I'm so strong  
Get a shot of these arms  
Weight lifting wizard  
A competition for King Kong

She walks on by me  
And all the muscle got sucked down  
She's so quick, full electric  
Puts me on tilt with those hip hugging slips

I'm not her man and I'll never pretend  
I ain't no one way lover  
One way never ends, the road to my life  
And it's long and hard

She left me nine times  
I feel my body breaking up

Give me something to squeeze  
A beautiful disease  
I ain't no lightweight but she  
Put me on my knees

She's cool cat, my cool new cat  
I give it to her and I'll never get it back  
I told her always, I watch her lips part

She got a hold of my heart  
Suck it down, suck it up

So tough, so tough  
Oh slave

I feel I'm in the movies here  
Sitting in for the star

She knows what she's doing  
I swear I'd never play this part

She's turning me to ruins here  
I thought I was such a rock

Oh slave, oh slave, oh slave  
Oh slave, oh slave

So tough, I thought she'd save me  
So tough, but she enslaved me  
Oh slave, I drank her curse  
Oh slave, I got it first

So tough, so tough, tough I'm so, tough I'm so  
Oh slave, oh slave, tough I'm so, tough I'm so  
So tough, so tough, oh slave, oh slave, oh slave  
[Incomprehensible]
