[Cho:] he came down to my level...
When I couldn't get up to his...
With a strong arm... he lifted me up...
To show me what living is...

He'll come down to your level...
If you'll open up the door...
He wants to make your life worth living...
That's what he came down for...

[1] if you're looking for contentment... in the things that
you can see...
You're gonna have some disappointments... o want you
listen close to me...
Cause I know about a savior... who came down to be a
man...
When he left he sent his spirit... he made me
everything I am...

[Cho:] he came down to my level...
When I couldn't get up to his...
With a strong arm... he lifted me up...
To show me what living is...

He'll come down to your level...
If you'll open up the door...
He wants to make your life worth living...
That's what he came down for...

Hard modulation: tenor takes lead out

[2] well sometimes I make decisions... that later I
regret...
Cause the lord keeps on assuring me... he ain't finished
with me yet...
I don't worry about tomorrow... I don't worry about
yesterday...
I don't worry about this crazy world... cause I've found
[sustain]...
A better way...
