[1] a lady... pressed through the crowd... that day...
As jesus passed her way...
She'd spent all she had on physicians
But she still had a need that day...

She only touched the hem of his garment...
As to his side she crawled...
O but that was enough to meet her needs...
Just a touch and she was made whole...

[Cho:] just touch the hem of his garment...
Just a touch... just a part will do...
Just reach through the crowd...
And give him your need...
And his strength... within you'll receive...

Hard modulation: tenor takes lead here

[2] if your life... is filled of disappointment...
And... you have a need within...
You need someone... you can talk to...
I know that jesus... will be... your friend...

Just touch the hem of his garment...
Let his virtue... flow through you...
And his healing power... this very hour...
Will give his life to you...

[Cho:] just touch the hem of his garment...
Just a touch... just a part will do...
Just reach through the crowd...
And give him your need...
And his strength... within you'll receive...

[Tag:] I said... just reach through the crowd...
And give him your need...
And his strength... within you'll receive...
