Should I feel lost  
Or should I feel found  
What should it be?  
Up or down  
Won't yo please help me...  
Searching high  
I'm searching low  
Where might it be? A loss for words  
That'll set me free  
Fadin' away  
Mama, it's been a year to the day  
You ask for this  
They sell you that  
A better place  
Is where I hope you're at  
Who's gonna live and who's gonna die?  
Is it hello or goodbye?  
Could you tell me how  
Could you tell me why  
Fadin' away  
Mama, it's been a year to the day  
When the daisies are growing over top of me  
Where is it that I go  
Running out of time  
Lord, I need to know  
Fadin' away  
Mama, it's been a year to the day
