Sky fits heaven so fly it
That's what the prophet said to me
Child fits mother so hold your baby tight
That's what my future could see

Traveling down
This road,
Watching the signs as I go
I think i'll follow the sun
Isn't everyone just
Traveling down
Their own road
Watching the signs as they go

Fate fits karma so use it
That's what the wise man said to me
Love fits virtue so hold on to the light
That's what our future will be

Traveling down
This road,
Watching the signs as I go
I think i'll follow the sun
Isn't everyone just
Traveling down
Their own road
Watching the signs as they go

I think i'll follow my heart
It's a very good place to start

Traveling down my own road
Watching the signs as they go

Traveling, traveling

Watching the signs as they go

Hand fits giving so do it
That's what the Gospel said to me
Life fits living so let you judgments go

That's how our future should be
