Let a song rise from our soul singing
Day and night, let it go
Straight to the heart of the one
Who knows the voice he's hearing.

Let a song rise from our souls singing
Day and night let it go
Straight to the heart of the one
Who knows the voice that he's hearing

We are never gonna let the song die out
And we feel the heart of god so we cry out

So let the sons and daughters shout with
Joy and peace and love abound
There's no way we'll ever quiet down
Our god he is alive

And we are never gonna let this song die out
And we feel the heart of god so we cry out

To love like only he can love
To become his hands and feet
We are never gonna let this song die out

We will never look back
We will never look back
We will never look back
You're all we can see

We will never look back
We will never look back
We will never look back
You're all we can see now

And we are never gonna let this song die out
And we feel the heart of god so we cry out

And we are never gonna let this song die out
And we feel the heart of god so we cry out

And we are never gonna let this song die out
And we feel the heart of god so we cry out

To love like only he can love
To become his hands and feet
We are never gonna let this song die out
