I know where you were born
I know it's you
I'll wait for weeks to find out
That nothing's true
And I'll wait too long

You had it all before, I noticed you
And now your wildest dreams
Are falling through
So I'll wait

And you'll wait for me
Unlock the door, I want the truth
'Cause if it's exactly what it claims to be
Then it may just set me free

I know where you were born
I know it's you
Your tiny hands were cold
But I wanted you anyway

Now I'm back in uniform
Back to the sea
O simple life I've known
Come back to me
And I'll wait

I'll shed this human form
And I'll walk away
The night controls me now
And that's where I'll stay
And I'll waste away
But I'll make sure you don't
