When I choose my role
In the forest of my soul
I would be the mountain
I wanna roll

And I'd block out the sun
Get the water in the river to run
And you could climb

A mountain
Of which the things that you know
Erode it faster
You made it
To catch the everlasting
Erased it

When I spill my bile
In the valley of all time
The forest feels my fire
Faster for miles

And I'd reshape the earth
With the cause of my birth
And the future's mine
A mountain
Of which the things that you know
Erode it faster
You made it
To catch the everlasting
Erased it

A mountain
Of which the things that you know
Erode it faster
You made it
To catch the everlasting
Erased it, oh yeah

A mountain
Of which the things that you know
Erode it faster
You made it

To catch the everlasting
Erased it, oh yeah
