"Higher Than The Sun"

My brightest star's my inner light, let it guide me
Experience and innocence bleed inside me
Hallucinogens can open me or untie me
I drift in inner space, free of time
I find a higher state of grace in my mind
I'm beautiful, I wasn't born to follow
I live just for today, don't care about tomorrow

What I've got in my head you can't buy, steal or borrow
I believe in live and let live
I believe you get what you give
I've glimpsed, I have tasted fantastical places
My soul's an oasis higher than the sun
I'm higher than the sun
I'm higher than the sun
