If you ever leave me, would you know how?
Don't waste our time, tell me now
All you have to do is speak out my name
And I will come running anyway

And I say, could it be me?
Could it really, really be? Over and over...
Could it really, really be? Over and over...

Don't turn me away and don't let me down
What can I do to keep you around?
All you have to do is speak out my name
And I will come running anyway

And I say, could it be me?
Could it really, really be? Over and over...
Could it really, really be? Over and over...

Over and over, over and over...
Over and over, over and over...
