I wanna scream, I wanna shout
When I see your electric smile
I don't believe in God or original sin
I only wanna touch and taste your skin

I get the vampire blues when I look at you
Come on, kiss away my darkest days
You make me feel so good, you got me

You got me in a spell, Marianne
I saw you and I fell, Marianne
You got me in a spell, Marianne
I saw you and I fell, you got me

I don't want silver, I don't want gold
I want a girl who can stone my soul
Making me treasure every breath
With her stray cat eyes and her hair all messed

You're the sweetest fruit, you can stone my soul
You can heal my hurt
You make my split heart whole
You got me strung out, I started laughing

You got me in a spell, Marianne
(Marianne)
You got me in a spell, Marianne
(Marianne)

You got me in a spell, Marianne
(Marianne)
I saw you and I fell
Hey, Marianne, you got me, oh, oh

You got me in a spell, Marianne
(Marianne)
You got me in a spell, Marianne
(Marianne)

You got me in a spell, Marianne
(Marianne)
I saw you and I fell

Hey, Marianne, you got me, oh, oh

With your hair all messed and your cherry lips
And your stray cat eyes, I want your kiss
Never say never, do always

Girl, please take me, I surrender
(You got me here, sweet babe
You got me here, sweet babe)
