The sky's black with locusts
My eyes are burning stars
The a mountain of gold teeth
In every bank vault in this world

Wanna try and steal my face
My body and my soul?
Ridden on a bed of nails
Walkin' into walls

Do it baby, do it again
Do it baby
Come on, baby, do it again

Do it baby, do it again
Do it baby
Come on, baby, do it again

Do I drown in my streams?
Do I kill you in my dreams?
Do I draw a knife across your throat?
Is your mouth an open grave?

Will I fall upon your blade
Are those needles in your eyes
The blood of Jesus?

Do it baby, do it again
Do it baby
Come on, baby, do it again

Do it baby, do it again
Do it baby
Come on, baby, do it again

Another teenage suicide
Slit your wrists and laugh
When boredom kills, shot morphine pills
Be faithful unto death

In every home
A rapist are killers family men

Why do children hate their parents
Keep a shotgun underneath your bed

Do it baby, do it again
Do it baby
Come on baby, do it again

Do it baby, do it again
Do it baby
Come on baby, do it again

So fly the skull and crossbones
Burns the union jack
Hang on to your eyeballs
Paint the daytime black

Choose your best friends carefully
Don't betray your code
Live outside society
Stay inside you soul

Do it baby, do it again
Do it baby
Come on, baby, do it again

Do it baby, do it again
Do it baby
Come on, baby, do it again

Don't you find hard to laugh
When your mouth is full of broken glass?
Thoughts mutate to locusts
Skull exploding

Don't you find hard to laugh
When your mouth is full of broken glass?
Thoughts mutate to locusts
Skull exploding

Do it baby, do it again
Do it baby
Come on baby, do it again

Do it baby, do it again
Do it baby
Come on, baby, do it again

Do it again
Come on, baby, do it again
Do it again,
Come on, baby, do it again

Do it again
Come on, baby, do it again
Do it again
Come on, baby, do it again
