It never works
That's what they say
A million fools have tried it and failed
Why do we hurt each other so much
Chasing the glory
The glory of love

Uh huh huh huh huh
The glory of love
Uh huh huh huh huh
The glory of love

The vows of lovers
are never kept
So quick to love you
So quick to forget
And when they hurt you
You love to be hurt
Ain't no cure
For the sickness of love

Uh huh huh huh huh
The glory of love
Uh huh huh huh huh
The glory of love

We must be damaged
infected with pain
Romance/narcosis
One and the same
I wanna sleep
And never wake up
And dream of glory
The glory of love

Uh huh huh huh huh
The glory of love
Uh huh huh huh huh
The glory of love
