I am going to the 10th street square
All my friends are going to be over there
And when I stare at you all day
I don't wanna hear you say it's ok

The 10th street square
Ahhhhh
The 10th street square

(Solo)

Anyone whose anyone is gonna be there
For those who love and those who don't even care
And when I mess around and play
I don't wanna hear you say it's ok

The 10th street square
Ahhhh
The 10th Street square

(Solo)

Ahhh the 10th street square x3
