Never gonna throw my life away
'Cuz I wanna be remembered
Emily switched into the war today
And all we gotta do is surrender

Push my head into the battle
And I'll find my way
Wish me all the same
Runaway today

Knocking all the tools we need out of this original
revolution
Loose the last of this fool base to bring down this evil
nation

Push my head into battle
And I'll find my way
Wish me all the same
Runaway today

This battle for the books won't be won by night
And I sit alone to watch the sky tonight
But what they be
We'll soon rather be
And my last big Sunday will arrive for me
The faith

The hell of the VIP is just a little messed up in the VIT's
They are so new and I'm so old school
But at least I can see

Push my head into battle
And I'll find my way
Wish me all the same
Runaway today

And this battle for the books won't be won by night
And I sit alone to watch the sky tonight
But what they be
Will soon arrive for me
And my last big Sunday ends above the trees

Tonight
Tonight
Tonight
